- Operating Systems (OS) Certificate

CAREER OBJECTIVE

To obtain an opportunity in a growth-oriented organization where I can apply my frontend development skills, build responsive and user-friendly web applications, and continuously enhance my technical knowledge.

EDUCATION

Prasad V. Potluri Siddhartha Institute of Technology

Computer Science Engineering

Currently Pursuing 3rd Year

PROJECTS

1

Responsive Portfolio Website

- Developed a fully responsive personal portfolio using HTML5, CSS3, and Bootstrap.
- Implemented smooth scrolling, modern UI design, and mobile-first approach.
- Added features like dark/light mode toggle, animations, and interactive elements.

2

API Integration Project

- Built a dynamic web application using JavaScript (ES6+) to fetch data from external APIs.
- Used Fetch API for asynchronous operations and real-time data handling.
- Designed clean and user-friendly interface for displaying data.

3

UI Clone Project

- Recreated a modern website interface using HTML, CSS, and Bootstrap.
- Focused on layout accuracy, responsiveness, and user experience.
- Improved frontend design skills by replicating real-world UI structures.

ACHIEVEMENTS

- Successfully completed multiple frontend development projects.
- Gained hands-on experience in responsive web design and API integration.
- Improved problem-solving and coding skills through practical implementation.
- Passionate about learning new technologies and building impactful solutions.
